

Important Information Regarding COVID-19

Dear patients and colleagues,

The MOSA Centers for Oral Surgery and Implants made a difficult decision today to close our surgical practice to all elective surgery for the next two weeks based on recommendations from the American Dental Association, American Association of Oral and Maxillofacial Surgeons and the Maryland State Dental Association.

We plan to be fully operational on Monday, March 30, 2020. Because the situation is evolving rapidly, this date may change. Please check our link for regular updates:

www.mosa4os.co/updates-COVID-19

Our office and our doctors will be available throughout this period for true oral surgery emergencies (dental abscesses, trauma, severe pain) appointments only. The offices will be open on a rotating basis on an abbreviated schedule (8AM-Noon), Monday-Friday to serve the community, as well as, during off hours.

We can be reached Monday-Friday 8 AM-Noon by calling: 1-(844) 459-MOSA (6672).

After hours please call the answering service at: 1- (866) 649-2998

This was a very difficult decision to make, as it impacts not only our lives, but the lives of our staff, as well as our patients.

Please note that we are committed to the well-being of our community, patients and staff, and we will work to the best of our abilities to get through these trying times. We appreciate your understanding and look forward to continuing to serve our patients and the greater community.
